Sub: Completion of Procurement activities by March 2011

Dear Project Partners,

This is in continuation of our previous mails on this subject. You must appreciate that all the Non-recurring items viz. goods and works approved under NAIP sub-projects must be in place so that the technical output starts coming in the sub-projects. The deadline to complete the procurement activities was earlier fixed as December, 2010. In view of the procurement left out in some of the sub-projects, it has now been decided with the approval of the competent authority that purchase/work orders for procurement of all the left out items must be issued by 28.02.2011, so that the payment is released by 31<sup>st</sup> March thereby completing the procurement process within this financial year. Please note that no revalidation of funds will be granted for the left out non-recurring items.

This is for strict compliance.
